Ma 30/4/45 There are 18 estimates prepared at a total cost of Rs. 6114 of which the Chitaldrug Municipality recommends the grant of Rs 3070 out of which, from the Road Improvement fund for one thing, only Rs 1000 is given every year Road Improvement funds for Metalling roads within 10 miles. These estimates are so small that it is quite easy for the Municipality to attend to the said works. Having regard to the financial condition which is patent to all, a grace of the recommended grant for Road fund if necessary, the working be spread over a period of two years. The Road Improvement party has also been sent

Letter No H C 274/44-45 dated 3rd April 1945 from the President,Town Municipal Council,Chitaldrug to the Deputy Commissioner,Chitaldrug District,Chitaldrug

Subject Town Improvement grants for the year 1944-45

In continuation of this office letter No H C 51/44-45 dated 7th Sept '44 requesting you kindly to recommend to Govt to sanction half the amount of estimates taken up for execution namely Rs 8,556-7-0 as an outright grant, I have the honour to state that the Government have been pleased to sanction an out right grant of Rs 4,443/ only towards the construction of drains in this town and no amount has been sanctioned for metalling the roads The need for metalling the remaining roads has already been stated in detail, This town is not a plain land and the rain water which flows down from the hills causes deep ruts in almost all the roads and after every rain fall the roads require urgent repairs and traffic will have to be closed in certain roads unless they are repaired urgently I therefore request you once again to strongly recommend to Government to sanction an outright grant of Rs 3,071/ being half the amount of estimates taken up by this Municipality for execution during the current year The list of roads selected for metalling has already been submitted to your office on 7th Sept '44 As the official year is drawing to a close, I request that early sanction may kindly be obtain from Government
